CIGARS

The Tobacco legend is marked from beginning to end by careful attention, passion and pleasure. As old as time itself, it intertwines life and death, mystery and wealth, from its very origins and throughout its entire existence. The discovery of the New World and the embrace of the two cultures sparkled magically and created a unique opportunity for a legend to merge with Modern History.

Cuba is the starting point of this extraordinary event which brings to our times the "Nicotiana Tabacum", transformed into insuperable cigars for the enjoyment of Humanity. The true story of tobacco is therefore one of beauty and drama and has only just begun...
